Overview

This 2,200ft² house at Lago Bay is built to the 'dry' in anticipation for a homeowner to customize all finishes. Our in-house architect and contractor are ready to help. Lago Bay is a lake and beach community bordered by protected rainforest, a fresh-water lagoon and over 2k of beach. Boutique, organic projects of coconut, moringa, avocado and aquaculture complement the surrounding flora and fauna. Located along a bay with several islands offering additional protection, the sea at Lago Bay is always tranquil. 15 minutes to the West lies the tourist town of Santa Catalina known for its world-class surfing, diving and fishing. Day trips to the Coiba National Island Park are perhaps the main attraction for the greater area with over 200 dive sites. Lago Bay offers a unique residencial combination of activity, peace and value.
